- 2. Approval of Minutes from October 13, 2016 Meeting.**
- 3. CD 5 updates by Councilman's Paul Koretz Valley Deputy**
- 4. ACTION ITEMS - Votes may be taken on the following items. Approximately Fifteen (15) minutes will be allowed for presentations with an additional Ten (10) to Fifteen (15) minutes for responses per item. (* May be adjusted by chair.)**
 - A. Council File Number: 13-1493 A Proposal to Legalize Street Vending in the City of Los Angeles.**

The street vending plan itself calls on the city to establish a permitting process allowing for a maximum of two street vendors per block and requiring consent from adjacent brick-and-mortar businesses and property owners before those permits would be issued. Vendors would have to pay business taxes, obtain county health permits, and also obtain liability insurance.

Under the plan, vending in residential neighborhoods would be strictly limited, while all neighborhoods would be able to apply for special zones to set their own vending hours and operating rules. The plan offers amnesty for all street vendors previously charged with crimes.

5. INFORMATIONAL ITEMS: (No Action may be taken on these items)

A. City Case No. is VTT-74352 and ENV-2016-3221-EAF. Lot Split at 5133 N LOUISE AVE

The proposed project involves the creation of five (5) new parcels from an existing 115,120.35 sq. ft. lot (2.64 AC) and the by-right development of five (5) new Single-Family Residences. The five houses proposed are designed to be consistent with the current homes within the neighborhood and adhere to current developmental standards. The proposed five parcels will be designed in order to meet the minimum lot standards provisioned by the LAMC of a minimum of 17,500 sq. ft. per lot.

The project site has an average width of 172 feet and 630 feet in length. The proposed tract map will obtain frontage and access from Louise Avenue and Andasol Avenue. Louise Avenue is a fully improved street, while Andasol Avenue is currently unimproved. Andasol Avenue is to be extended northerly, including a turning area, and a 25-foot-wide area between the northerly terminus of Andasol Avenue and northerly property line of tract map be dedicated as future street.

The proposed houses range at approximately 4,000 to 5,000 square feet. The houses will comply with all applicable zoning requirements and codes, including density, height, setbacks, lot coverage, and parking. Height is proposed at less than the 45 feet allowed per code. The overall site is planned in response to the topographic contours of the lot, with grading minimized as much as possible.

(15 minutes Total for presentation and Q&A.)
