The Great Debate on LA City Measure B

\$1.6 or \$3 billion cost?

How much will this increase our DWP bills?

What are the facts?

Encino Neighborhood Council

COMMUNITY MEETING

Wednesday, February 25, 2009

Encino Community Center

4935 Balboa Blvd.

7:00 P.M.

FREE Maria's Italian Kitchen Food - 6:30pm

Limited quantity to Encino stakeholders

The Encino Neighborhood Council (ENC) is certified by the City of Los Angeles and is comprised of elected representatives from the community.

The ENC advises City officials on matters affecting Encino and allocates funding to local projects and community improvements.

Except for Nov. and Dec. the ENC meets on the 4th Wednesday of each month at the Encino Community Center at 7:00pm.

www.encinocouncil.org

One of the most controversial proposed Charter amendments on the March 3, 2009 LA City Elections ballot is Measure B – known as the Solar Energy and Jobs Creation Program. According to Councilman Greig Smith, this ballot measure was approved by the City Council without knowing that a fiscal analysis “was withheld from Councilmembers”.

Our Community Meeting on Wednesday, February 25th will feature a debate on Measure B between a representative of the LA Department of Water and Power and Ron Kaye, former editor of the Los Angeles Daily News. Although most everybody supports solar power, the controversy over Measure B has focused on the process used by the City Council to put this on the March 3rd ballot, how much it will cost, and that the work will be done by DWP workers without competitive bidding.

We will also hear presentations on a request for shared parking by the Skirball Cultural Center; a proposed zone change for townhomes south of Ventura Blvd near Petit Avenue and reconsideration of the signage “Encino Commons – The Valley’s Miracle Mile” which still requires City permits.

Join us for this important Community Meeting. Come early and enjoy a free dinner from Maria’s Italian Kitchen of Encino starting at 6:30pm.
