- c. Census 2020 It is crucially important that we advocate for a significant role of the neighborhood councils in the 2020 U.S. Census. For our area we need to have an advisory role in counting the unsheltered homeless. The Encino Neighborhood Council is now a member of the San Fernando Valley Complete Count Committee. Our Homelessness Committee will be partnering with the outreach committee to publicise the US Census. The Homelessness Committee specifically will volunteer to participate in the Census Homeless Enumeration Program.

We still have no idea what was reported, if anything.
- f. Follow progress on proposed audit of the Lanterman-Petris-Short (LPS) act by the California legislature, as supported by Los Angeles City Council Resolution 19-0002-s116. It is looking to me like this died can someone look into it.

8. New Business (Vote may be taken)

RESOLUTION

WHEREAS, the annual point-in-time homeless count conducted by the Los Angeles Homeless Services Authority (LAHSA) revealed that homelessness in the City of Los Angeles has increased an estimated 16% since 2018 with over 36,000 people living on the streets or in vehicles, and;

WHEREAS, the drastic increase in homelessness in 2019 strongly impacted the City's most vulnerable populations, with a 24% rise in youth, 8% rise in families, 13% rise in women and 17% rise in the chronically homeless, and;

WHEREAS, in 2018, there was a 68% increase in Part I crimes involving a homeless victim in the City, and:

WHEREAS, In 2018, there were nearly 130,000 people on the streets on any given night throughout the State of California - the most of any state in the nation, and;

WHEREAS, numerous cities in California are struggling to adequately respond to the homlessness crisis, and;

WHEREAS, deplorable conditions in and surrounding areas with a high density of homeless encampments has led to multiple cases of individuals, both housed and unhoused, contracting diseases borne by fleas and feces, including typhus, typhoid fever, hepatitis A, tuberculosis, and staph infection, and;

WHEREAS, the public health and safety of the residents of California, both unhoused and housed, will be in great danger unless drastic, immediate measures are taken, and;

WHEREAS, despite new funding sources and other resources to aid the City's homeless population, a crisis persists. All tools made available to address the homelessness crisis plaguing all major cities throughout the state must be leveraged, and;

WHEREAS, California Government Code §8625 grants the Governor the authority to declare a regional or statewide emergency and coordinate emergency response activities, and;

WHEREAS, a state of emergency is defined in subdivision (b) of California Government Code §8558 as "any occurrence which by reason of its magnitude is or is likely to become beyond the control of the services, personnel, equipment, and facilities of any single county, city and county, or city and require the combined forces of a mutual aid region or regions...," and;

WHEREAS, the declaration of a state of emergency enables state and local agencies to act quickly and without normal constraints to address an emergency situation, request mutual aid from other governmental organizations and seek emergency funding, and;

WHEREAS, when a state of emergency is declared, public employees and governing bodies are afforded certain legal immunities for emergency actions taken, and;

WHEREAS, a declaration of a State of Emergency allows agencies and departments to more efficiently procure materials and services necessary to address the situation, and;

NOW. THEREFORE. BE IT RESOLVED the Los Angeles City Council does hereby find that homelessness has ballooned into a crisis of seismic proportions outside of the control of the City of Los Angeles and the cities of the State of California alone to address with existing resources, and that the plight of individuals living on the streets jeopardizes the public health and safety of those individuals and imperils the broader citizenry of the State of California.

BE IT FURTHER RESOLVED, with the concurrence of the Mayor, that by adoption of this Resolution, the City of Los Angeles hereby includes in its 2019 - 2020 State Legislative Program SUPPORT for action by Governor Gavin Newsom to declare a **State of Emergency on Homelessness** in the State of California.

Statement in support of council file 19-0002-s172

To quote and paraphrase from the Council File: A state of emergency is defined in subdivision (b) of California Government Code §8558 as "any occurrence which by reason of its magnitude is or is likely to become beyond the control of the services, personnel, equipment, and facilities of any single county, city and county, or city and require the combined forces of a mutual aid region or regions. The declaration of a state of emergency enables state and local agencies to act quickly and without normal constraints to address an emergency situation, request mutual aid from other governmental organizations and Seek emergency funding. When a state of emergency is declared, public employees and governing bodies are afforded certain legal immunities for emergency actions taken. A declaration of a State of Emergency allows agencies and departments to more efficiently procure materials and services necessary to address the situation. It is obvious that homelessness has ballooned into a crisis of seismic proportions outside of the control of the City of Los Angeles and the cities of the State of California alone to address with existing resources, and that the plight of individuals living on the streets jeopardizes the public health and safety of those individuals and imperils the broader citizenry of the State of California. The Los Angeles City Council proposes to advise, with the concurrence of the Mayor, that the City of Los Angeles hereby include in its 2019 - 2020 State Legislative Program SUPPORT for action by Governor Gavin Newsom to declare a State of Emergency on Homelessness in the State of California. It is the opinion of the Encino Neighborhood Council that this action is long overdue.

-NOT OFFICIAL UNTIL COUNCIL ACTS-

MOTION

In September 2018, the United States, Ninth Circuit Court made a ruling in the Case Martin v. City of Boise. The case did not apply to the City of Los Angeles directly, however, as the Ninth Circuit Court presides over California, the City Attorney should be requested to provide an ordinance ensuring that the City's Municipal Code abides by the Court's ruling.

I THEREFORE MOVE that the City Attorney be requested to draft an ordinance amending Los Angeles Municipal Code Section 41.18 to delete subsection (a), with the exception of the language making it unlawful to obstruct or interfere with the free passage of pedestrians in the pubic right of way, to delete subsections (b) and (c) and to amend subsection (d) to conform to the 9th Circuit decision in the Martin v. Boise case.

The Encino Neighborhood Council is registering this Community Impact

Statement in opposition to council file 19-0602-S1. This ordinance, the city's response to the Martin v. Boise circuit court decision, which renders the current writing of LAMC 41.18 unconstitutional, continues the city's counter-productive approach to the homelessness crisis. This bill would make it illegal to sit, sleep or lie within 500 feet of a school, park or daycare center, and 10 feet from any utilizable entrance, driveway or loading dock. Instead of funding much needed services like storage, refuse collection, sanitation, addiction treatment, etc., if this ordinance were to pass, resources would again be diverted to criminalize the unhoused and punish them for their poverty. This policy as written would be nearly impossible to enforce, and would bring about a host of unwanted side effects. For example, children waiting for their parents to pick them up after school would be turned into criminals if they were to sit down on the sidewalk. Measurements related to doorways will be litigated ad nauseam at enormous expense to the taxpayers of Los Angeles. This ordinance, much like its predecessor, would struggle to withstand a legal challenge. As such we oppose the adoption of this ordinance as written, and strongly urge the city to reconsider its approach to the issue of homelessness and utilize proven best practices from other cities.
