

# Encino Neighborhood Council 2021 Elections

## Meet the Candidates

# Area 1 (1 Rep, 1 Alternate)

## Lee Blumenfeld

Encino is an amazing place to live! As a longtime resident, Army Veteran, and family man, I understand the improvements we need in our community. We should preserve our historic past, neighborhood character, and actively pursue new ideas to ensure brighter future for us all. My priorities: Enhance Residence Quality of Life - restore the dying trees and fix the irrigation system on White Oak Boulevard, repair our streets and sidewalks, and beautify our neighborhood. Accountability - by finding out where our tax money is going, and ensuring Encino gets its fair share. Holding development to the current rules to ensure planned and structured projects meeting the needs of Encino while considering our current infrastructure. Improve Public Safety - by working with our Public Safety officials to Target and eliminate property crime and bolster our police resources. I can accomplish our goals by relying on my construction and debate experience, along with your help and support!

## Robert Bryan Gilbreath

As a native Encino resident, I believe that I can help bring the community together to better understand our mutual needs. I am a communications professional with a design and engineering background in several industries ranging from aerospace to theme parks. Helping people communicate has been my long time specialty. It is a skill set which requires patience, acceptance and the ability to help others, from all backgrounds and beliefs, understand each other. This, I believe, is the key to unifying all residents to further our common purpose.

# Area 2 (1 Rep, 1 Alternate)

## Walter Almora

I respectfully request your support to continue representing the Area 2 of Encino. As a parent and homeowner living in Encino since 2012, it is important for me to have a safe, secured, clean, and healthy neighborhood. My involvement with the Encino Neighborhood Council started as a need to improve our security after I had my car stolen right here in Encino. I organized a Neighborhood Watch group in the area and I've been involved with our neighbors for several years now. It has been the best way to build a family of neighbors. We've been able to install speed humps to improve the traffic safety of our streets specially for families with children that need to feel safe while walking our neighborhood. I believe that improvements to our community will come from our own involvement and participation so it's great to see more neighbors applying to represent our area than ever before. I hope to have your support to continue representing the Area 2 of Encino.

## Jodie Francisco

I have organized many community meetings with our senior lead police officer, representatives of our City councilman's office, and other officials within the community. I also serve as the Neighborhood Watch Block Captain for the Encino Woods community. I appreciate your consideration and vote for the Area 2 Representative.

## Jonathan Gabriel

I am a practicing attorney, with more than 30 years' experience. My office is in Encino, and I focus on business and real estate law. I have lived in Encino for 29 years (since 1992), at the same address on Alonzo Avenue. My Objective in seeking to join the neighborhood counsel as an Encino homeowner and business owner so as to better preserve property and quality of life for Encino homeowners and business owners. I care deeply about neighborhood quality of life issues. My first foray into this area was in the 90's when I organized the installation of (the only) two speedhumps on Alonzo Avenue. Back then we had to pull the permits ourselves and hire the contractor. I have also served as a temporary judge in Van Nuys traffic court on numerous occasions. I am very familiar with Encino and its issues, be they traffic issues, aircraft noise, or zoning (e.g the Chick-Fil-A mess). I look forward to bringing my extensive experience as a business and real estate attorney to the council.

During my years on the ENC, I have served as Vice President, a member of the Planning and Land Use Committee and Chairperson of the Traffic/Transportation Committee. I am a native Angelino and look forward to continuing my position as Area 6 Representative on the Encino Neighborhood Council.

## Elsa Elbert

I am an Encino resident and local business owner. I have dedicated my life to serving others, from a career in healthcare to my current role as CEO of a home organization company, and years of volunteer work with foster youth. I am a leader with a rare combination of hands-on organizational leadership and operational expertise. I am passionate about making a difference in the lives of my neighbors.. As a member of the ENC, I will advocate for measures that reduce traffic congestion and eliminate notorious speeding zones; I will encourage more community building opportunities, because when we know (and are known by) our neighbors, our quality of life improves; I will support a holistic approach to addressing the issue of homelessness in our community. Thank you for your consideration.

## Daniel Kashani

My wife and I have made our home in Encino with our 3 children since 2014. As a life-long San Fernando Valley resident and business owner, I know the challenges Encino faces and how the Neighborhood Council can be a leading voice, advocate and valuable resource. I am currently a board member of Providence Tarzana Hospital Foundation and a director-at-large for the West Valley Chamber of Commerce. I am also a licensed real estate broker and licensed attorney. My goal as a NC member would be to share my insights and experience, which I've acquired after leading a successful real estate company for more than twenty years. I am an advocate for growth at a reasonable pace and for responsible development in Encino. I've spent my entire life in the valley, attending local schools and raising my family here. I care deeply about the area and will actively work with other Neighborhood Council members to improve the quality of life and overall community for all residents.

# Area 7 (1 Rep, 1 Alternate)

Dear board members, Encino businesses and residence, I would like to announce my candidacy for the business office of the neighborhood council in the upcoming election. As a business owner downtown Van Nuys, Sherman Oaks and living in Encino, I consider myself very fortunate to live here. ## Lenny Beckerman

As a long time resident of Encino, I am truly passionate in volunteering my time to help Encino reach its fullest potential. As a former entertainment executive and currently an LAUSD educator; I bring a wide range of experience, creativity, and compassion to my work life. My wife has been a resident of Encino since she was a young girl and graduated from Birmingham HS. She first introduced me to Encino and I fell in love instantly with her and of course Encino. My son graduated from Lanai Road School and won district championship as an all-star for Encino little league. He currently attends Harvard Westlake. In Encino, I have spearheaded numerous projects at Encino Little league and continue to be community leader. At this point of my life, I want to do more to help my community grow, expand, and create equity for all its citizens. Please elect me to give you a voice in the great community of Encino.

# At-Large (2 Reps, 2 Alternates)

## Henry Eshelman

I urge voters to re-elect me to my ENC position to do the people's business: to improve and implement our share of city services to residents and small business; to provide action and compassion on social issues like homelessness, community outreach, airport noise, development, parks and recreation; and to make Encino a more attractive, prosperous place to live/work. We volunteer to serve you. I pledge to fight the gridlock, politics and pettiness that obstruct the ENC's goals, and will help to reform the process, build consensus as a leader OR a follower, and concentrate fully on serving the community. I've been an Encino homeowner 30 years. I served as a condo board president during the Northridge earthquake and supervised a \$10 million building rehab for 80 homeowners. I've served as an ENC Board member for three terms. I own and operate a small business in Encino. As a lifelong PR executive I use reasoned, strategic, and kind communications to advocate for you, the stakeholders.

## Victoria Miller

I am a proud Los Angeles native, and long-term resident + business owner in Encino. As a homeowner for the past 30 years, I feel lucky to have raised my now grown daughter here, and continue to be actively involved in our community. I am currently serving my fifth term on the Encino Neighborhood Council Board and have been the Vice President on the Executive Committee for the past five years. I have always tried to adhere to the maxim that to be an active member of your community, one must think globally and act locally. There are many important issues in our city that require our involvement and increased awareness, and the Neighborhood Council system is the first level of government that allows our voices to be heard and to make a difference. I am hopeful to continue serving as your Encino Neighborhood Council Business Representative, and I appreciate your consideration and potential vote.

Andrew Zucker

The first time I heard about Encino it was in a Neal Simon's play, "Plaza Suite." Act Two was called "Visitor from Encino." I became intrigued to find out more about the place where I now work and live. Perhaps you agree with me that in many respects Encino is ideal. It's neither too hot, nor too cold, too busy, nor too quiet. Our community bustles with creativity. Having owned a home here for 20+ years, and as a businessman and attorney, I'm grateful for the centrality our neighborhood offers. But, it could also be better: with more dedicated walking streets, carbon-neutral low-rise mixed use construction, friendly shopkeepers, outdoor dining, and healthy, wide-open green spaces. Owing to Covid-19 more of us are working from home and spending more time in our neighborhood with than ever before. This creates new opportunities for productivity, local commerce, reduced traffic and environmental sustainability. Together, let's make the jewel of the Valley the envy of the City.

---

# Education (1 Rep, 1 Alternate)

## Jennifer Goldstein

I am a professor of education at CSU Fullerton. From Studio City, I attended UC Berkeley, taught in Compton, and have a Ph.D. in Education Policy from Stanford. My work focuses on improving the quality of teaching in low-income schools. I have two main ENC goals: anti-racism and responding to the pandemic. Structural racism has come to the fore. We are either part of the problem or part of the solution. Encino's kids will grow up to be leaders; let's make sure they are leaders who are part of the solution. I am running so that Encino's children grow up prepared for the world that awaits them, with a sophisticated understanding of privilege, justice, and equity. It is what this moment in history demands. However, this moment has also given us Covid-19. If elected, I would see my most immediate task as addressing pandemic-related needs. I would connect students, families, and schools to needed resources. The ENC currently has no Education Rep or Committee. I am ready to lead the charge.

## Lauren Haverlock

I am a CPA with a Master's in Taxation with over 15 years of experience in public accounting. I consult with nonprofit organizations on all types of tax, risk and compliance issues, and I am a lecturer and advisor with the AICPA. I work in the higher education, healthcare and charitable sectors. I am a mother to three children -- a toddler, a preschooler and a kindergartener. We have had our first experiences with the public-school system in LA this past year, as our oldest child entered the system in a world of remote learning. We also been a part of the preschools locally with our kids attending EPNS (Co-op) and EPCC. Education and supporting programs are very important to our family -- I volunteer with several nonprofit organizations and have been a board member/treasurer to several, including Girls on the Run LA. I have lived in Encino for nearly 4 years with my husband, Reed Kaufman, and enjoy running through our neighborhoods, hills and parks in my spare time.

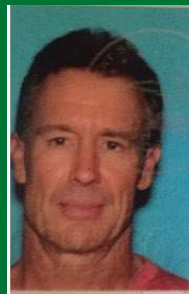

# Park Advocate (1 Rep, 1 Alternate)

## Glenn Bailey

Protecting our parks and open spaces requires constant vigilance. In the late 1970s, when Hollywood Park racetrack proposed relocating to the 2,150-acre Sepulveda Basin, I joined with a huge coalition to defeat that ridiculous proposal. Since 1991, I have been a member of the Sepulveda Basin Wildlife Areas Steering Committee and active with other Basin groups and issues over the years. Los Encinos State Historic Park and Encino Park are also important community resources. I have participated in City water and solid waste policy initiatives and will bring environmental issues to the Council for its consideration. The City's mismanagement of our urban forest and the loss of thousands of trees due to drought, disease and sidewalk repair is a current challenge. One of the ENC's founding members in 2002, I have served as Area 1 and Public Safety representatives and was ENC President from 2012 until 2014. Email me your ideas at [GlennBaileyENC@yahoo.com](mailto:GlennBaileyENC@yahoo.com) I would appreciate your vote! Thanks!

## Maury "MO" Geller

I have been a resident and homeowner in Encino since 1983, and raised two children here. We have always enjoyed the local parks, especially riding, running, skating and walking on the bike path around Balboa Park. I do my best to help remove trash from our streets and parks, and look forward to the opportunity to devote more of my efforts to park cleanup, and LA River cleanup.

# Planning & Land Use (1 Rep, 1 Alternate)

## Eliot Cohen

I am running for the Planning and Land Use (PLU) seat. I have relevant experience I have been on the Committee 9 years. During the last 6 years, I have been Chair of the Committee. The Committee has seen diverse projects, from nursing homes to apartment buildings, remodeling of Shopping Centers, and expanding a private school. The importance of the PLU is bringing the developer and the neighbors together. The neighborhoods to a project must be informed on the project. They need to know how the problems will be mitigated. Ideally, the Developer and Neighbors in a public forum that the PLU provides begin a complex negotiation. I have become good at facilitating each side's understanding of what is needed to mitigate project drawbacks and be good neighbors. As President of Homeowners of Encino, I have worked on every issue that affects Encino's quality of life. I have lived in Encino since 2003 with my family and our dogs. ## Darin Spillman

As an 11 year resident, property owner, and parent in Encino, my professional and personal background makes me uniquely qualified to serve in a Planning & Land Use capacity. For the last 20 years, I have worked in commercial real estate as an agent and investor in the City of L.A and consider myself experienced in our city's zoning, planning, and land use guidelines and trends. Throughout my career, I have represented buyers and sellers of investment properties and development opportunities that required a keen understanding of land use in order to evaluate, underwrite, and market these properties. I have also worked closely with land use attorneys. Having grown up here, I have always been deeply interested in our city and our community, its diversity, growth, culture, entrepreneurial and creative spirit, and its many challenges related to housing. I volunteer as a mentor for families transitioning out of homelessness. I am a graduate of U.C. Berkeley and I'm fluent in Spanish.

# Public Safety (1 Rep, 1 Alternate)

## Samuel Apikyan

I hope to continue this mission on behalf of our community.
