This was on our Agenda in 2017, but nothing has been done.

We received two letters from other neighborhood council's but I think the problem is getting worse, and other communities are beginning to understand the increasing frustration.

Some of these vehicles sound like machine guns and the LAPD are getting calls from stakeholders believing they are gunshots when the noise is actually coming from vehicles.

PLEASE JOIN US!

Presentation, Discussion and Possible Action: To send a letter to our city representatives regarding excessive vehicle exhaust noise level which has created an atmosphere of intimidation, fright and serves as a mating call for street racing. The NoHo Neighborhood Council believes that increasing the fines associated with excessive and purposeful exhaust noise may limit the increasing problem in our neighborhoods and the City of Los Angeles. We will hope to partner with other Neighborhood Councils to ensure that our streets are safe from reckless drivers and unnecessary noise.

- See Video Below of Example - A very quiet example compared to some.
